Donald Adams, Quay County Fire Marshall requested approval to purchase two water tanker apparatus' for Porter and Quay Fire Departments.

Commissioner Dowell expressed her concern that the fire members are not interested in purchasing the truck and they feel as if they are being forced to purchase it. Dowell stated to Adams that his role as Fire Marshall is for support.

Commissioner Cherry asked Porter Fire Chief Austin Gibson how he was voted in as Chief.

Austin Gibson said he was voted in by Nathan Wallace and other members. He said it was not a direct vote he was elected by members that were not present at the meeting. He has reached out to the community about having newer equipment that would protect their property. Gibson said he had 9 members say they would join the fire department if they did receive newer equipment. He said he is trying to protect the community of Porter. He took over a failing Fire Department and is trying to go by what the State Fire Marshall says and clean everything up. Gibson said he is trying to do his best for the Porter Fire Department and County.

Steve Kent informed Commissioners that he voted for Austin and he believes that he is a motivated individual and he is on the right track. He has put more time and effort in the department since he became chief. Kent said he is for the tanker but it needs to go through proper protocol. It needs to be voted on. Kent says you can't cherry pick a vote and bring in front of the Commissioners. It needs to be a proper vote and it needs to be on a ballot and in the minutes. He says Porter Fire Department worked long and hard to save up the money and he agrees about spending it. He doesn't agree that spending \$250,000 to gain 500 gallons of capacity on a fire truck is the right way to go. If Porter has a legitimate vote he would be on board 100%. Austin has been doing a tremendous job, said Kent.

Nathan Wallace, Assistant Chief said he has been at almost every meeting. He said at the last meeting that the tanker was brought up 5 people showed up. There was a discussion and Wallace was against it he didn't see the Fire Departments benefit to spend that amount of money for that little amount of extra water. Wallace would like a pumper, something you can fight the fires with. It would bring us down to 8 B. After discussion Gibson asked if the group wanted it to go to a vote and it died on the floor. It didn't go to a vote and no other discussion. Wallace was told that the reason it was on the agenda was because Gibson called people and asked them. Wallace said he doesn't know if they are members of the fire department that voted. Wallace's concern is they had a meeting and it didn't go to a vote and it shouldn't be approved.

Gibson said he went about it the same way he was elected. He went to the active members of the department at the time and asked what their vote would be and he took a poll on the votes. He said 8-9 members agreed that the department needs a new tanker.

Adams said the first thing the State Fire Marshall is going to ask is if they have up to date safety PPE production clothing for new members. It will come back to the County if someone gets injured.

Commissioner Cherry asked if they have by-laws. Cherry says that State Statue says that the Fire Chief makes the decision for safety gear. Cherry sees a need for water on wheels.

Commissioner Dowell believes that it's very important to preserve the autonomy of the Fire Department. She informed Gibson that she believes there is a whole lot to be considered with leadership. Dowell would like to table item until it comes to vote at fire department.

Chairman McCasland asked Gibson to get many members together to have a meeting before the next Commission Meeting on March 10 and get an in house vote.

Donald Adams asked Commissioners if they would like for the State Fire Marshal to come out and give a report on the Porter Fire Department.

Chairman McCasland agrees it needs to be replaced. He supports what Gibson is doing and he wants everyone in the the fire department to agree.

Commissioner Dowell says the Fire Marshall has no authority over a Fire Chief and should not conduct inspections of Departments. She informed Adams she did not want retaliation against the guys for speaking there mind.

Adams state that it was not to retaliate it was to show the Commissioners that the Fire Marshall said that the ruck is obsolete and that it needs to be replaced. Adam's said he was not trying to use it as a threat just wanted the commission to know that is what the State Fire Marshall requires.

A MOTION was made by Sue Dowell to table item until the next Commission Meeting. SECONDED by Franklin McCasland. MOTION carried.

There is one New Mexico rancher from Silver City area that went to Oregon and he vowed to tear up his grazing permit with the Government. Sidwell informed the Commissioners that the Cattle Growers sent out an alert about an online group for people to kill public welfare cows and kill public welfare ranchers.
