ONGOING BUSINESS: NONE

NEW BUSINESS:

Renee Hayoz, Presbyterian Medical Services Administrator presented the monthly RPHCA Report for February. A copy is attached to these minutes.

Hayoz reminded the Board of the upcoming Advisory Council meeting at noon on Thursday, March 15. Hayoz stated the Commissioners are all welcome to attend.

Clinton Harden, Lobbyist for Quay County presented an overview of the past legislative session held in January-February, 2018. Harden said it was a pleasure to represent Quay County. A copy of the report is attached to these minutes.

Sheriff Russell Shafer requested approval of a grant application from Law Enforcement Protection Funds for fiscal year 2018-2019. A MOTION was made by Mike Cherry, SECONDED by Sue Dowell to approve the submission of the application. MOTION carried with Cherry voting "aye", Dowell voting "aye" and McCasland voting "aye". A copy is attached to these minutes.

They will be going into the schools with this program as well as having a booth at the upcoming Wellness Fair.

Chairman Franklin McCasland asked Ron Jones, USDA Wildlife Specialist to introduce his guests which included his wife, Lisa Jones, his supervisor, John Grant and the new Specialist for the Quay County area Aric Costa. McCasland stated Jones has recently retired after many years of excellent service to the residents of Quay County. McCasland, along with Commissioners Dowell and Cherry thanked Jones for his service and recognized him with a certificate of appreciation.

Chairman McCasland requested a break and Jones was honored in the Clerk's Office with a reception. Time noted 9:30 a.m.

Return to regular session. Time noted 10:00 a.m.

Larry Moore, Quay County Road Superintendent presented the following items for approval and his road updates:

1. Requested approval of Resolution No. 26; Certified County Maintained Mileage. Moore stated the current mileage is 1,108.02. A MOTION was made by Mike Cherry, SECONDED by Sue Dowell to approve said Resolution. MOTION carried with Cherry voting "aye", Dowell voting "aye" and McCasland voting "aye". A copy of Resolution No. 26 is attached to these minutes and the map will be filed in the real estate records in the Clerk's Office.

2. Blade reports were presented. Moore stated it is simply too dry to be using the blade at this time.
3. The request for millings from the State Highway Department has been officially approved and notification was received on February 28. 14,080 cubic yards will be used on the Route 66 and Quay Road K project. The remaining 8,281 cubic yards will be used on Quay Roads AJ, 64, 65 and 67.
4. Gene Smith submitted a request to make a utility cut on Quay Road AZ for an irrigation water line. Request was approved.
5. The budget currently has funds set aside to lease a roller. Moore has started that process with Wagner Cat. The current roller the county owns has been un-operable for four weeks and the crews have been using a rented roller. The price to lease the roller is under what has been budgeted. A water truck is being rented at this time also, as the county owned truck is not in working order either. A new water truck can be purchased through NJPA for \$134,145.00 from Wagner Rents. NJPA is an approved source through state purchasing and procurement to make purchases without having to go through the RFP process. NJPA will also be used to make the lease deal on the roller.
6. Quay Road 60 and Leonard Drive will provide a test site for a new dust control chemical from Canada. The company will be flying in and executing the test tomorrow.
7. The crews have finished hauling on Quay Road 96.

Commissioner Dowell asked Moore to contact Carl Foote regarding an issue on Quay Road 69.

Chairman McCasland asked Primrose to contact someone in management from CASE regarding the roller that was purchased from them and has never operated properly. McCasland stated this is completely unacceptable service. If their representatives can't get it running without issues, they need to replace it.

**RE: 2018 Legislative Session Update**

The New Mexico Legislature completed their work at noon on Thursday, February 15 and sent a \$6.3 billion budget plan to Governor Martinez that would boost spending on public schools, the criminal justice system, roadways and Medicaid in the coming fiscal year.

A total of 597 bills were introduced this session (325 House; 272 Senate) along with the addition of 28 House Joint Memorials, 14 House Joint Resolutions, 120 House Memorials, 1 House Resolution, 1 Senate Concurrent Resolution, 26 Senate Joint Memorials, 17 Senate Joint Resolutions, 121 Senate memorials and 2 Senate Resolutions.

There are 114 bills that passed both chambers and are waiting for action by the Governor. Three bills have been signed and chaptered into law by the Governor. The Governor has until March 7 to act on legislation. Legislation not acted upon by the Governor is pocket vetoed. May 16 is the effective date of legislation not a general appropriation bill or a bill carrying an emergency clause or other specified date.

**The General Appropriations Act:**

Funding for the 2nd Judicial District Attorney was increased significantly. The Legislature provided a \$4.6 million hike in recurring funding compared to a \$5.3 million request. Recurring funding is for hiring more prosecutors and increasing wages of staff for retention. The Legislature also provided \$4.9 million in non-recurring funding compared to a request of \$4.7 million. This money will be used to reduce case backlog, prosecuting the Victoria Martens case and instituting the Crime Strategies Unit. Funding for the courts were also increased.

A 10% general fund reserve was established and some additional reserve funds were restored after being "swept" last session to meet the revenue shortfall crisis the state faced last year

A 2% across the board salary increase was given to all state employees. Additional targeted salary increases were given to employees in professions with high turnover including 6.5% to state police, prison guards and parole officers; 4.5% to judges and district attorney staff; 2.5% to court personnel, social workers and nurses and classroom teachers would receive an additional .5%

The Local Economic Development Act (LEDA) received \$5 million in new money and reauthorization language for FY19 to retain \$6.9M. This provides a total additional money accessible for LEDA of \$11.9M. The Job Training Incentive Program (JTIP) received \$9 million of a \$12 million request. JTIP has routinely exceeded the \$12 million level because of its popularity and effectiveness.

The proposed budget includes a 2.3% increase in public school funding to \$2.7 billion. Minimum teacher three-tier salaries are increased by two thousand dollars each. In addition, teacher pay will increase by 2.5 percent and other school employees' pay would increase by an average of 2%

allowing some discretion to individual school districts on assigning raises. Under the budget plan, PED can return \$5 million in cash balances to public school district accounts contingent on August 2018 general fund revenue estimates and FY 2019 year-end general fund reserves being at 10%.

In addition, the at-risk funding factor will be increased for districts and no new four-day school week districts will be allowed. The budget did provide substantial "below the line" funding for programs including a \$15 million increase for pre-kindergarten and K-3 Plus programming.

The General Appropriations act is subject to the Governor's line item veto, in which the Governor can strike language and amounts but she cannot change items.

### **Capital Outlay:**

Capital projects in the amount of \$165.3 million in General Obligations bonds (G.O. bonds) was approved and will be submitted to the voters in November. In addition, \$179.8 million in severance tax bond funds were approved for capital outlay that was divided equally between the Governor, the Senate and the House of Representative members that was given out to entities in HB306.

QUAY CO DETENTION CTR REN \$225,000; Tucumcari to plan, design, renovate, construct and equip improvements to the county detention center in Tucumcari in Quay County

QUAY ROAD AR DESIGN IMPROVE \$50,000 to plan and design road and drainage improvements to Quay Road AR in Quay County.

Summary for Quay \$275,000

### **Highlights of bills that passed both Chambers:**

The enhanced interstate nursing compact legislation needed to allow out of state nurses to practice in New Mexico. Change reporting requirements for lobbyists,

Spaceport confidentiality, A package of crime-related legislation that includes penalty and treatment provisions, \$30 million to help prevent the collapse of a brine well in Carlsbad, Guardianship reform bill, the local election proposal which would consolidate most nonpartisan elections into one day in November.

### **Legislation that did not pass:**

Proposal to tap into the Land Grant Permanent Fund , Minimum wage increase, Comprehensive tax reform, Expand "Baby Brianna's Law", Gasoline tax increase for infrastructure projects, Legalization of marijuana. Building a transition from coal fired generation in San Juan County to renewable energy by the issuance of energy redevelopment bonds. The Senate version of the

legislation died in its first committee however, the House version (committee substitute, not similar to the Senate version) passed two committees and the House floor by a vote of 44-25 but failed to make it through the Senate by the time the session ended.

### **Looking ahead:**

A couple of Interim Committees will begin meeting in April to set their meeting dates and meeting locations. The majority of interim committees will start organizing in May. I will keep you updated once their schedules are made available. Please note that the 2019 legislative session is a 60 day session.
