On June 5, 2019, this office received a request for casual use of BLM managed lands from Cannon Air Force Base (Cannon AFB) to practice landing and take-off of military aircraft. It is understood the mission for landing and take-off of military aircraft, such as Ospreys, will occur transiently, and only for short durations, throughout the foreseeable future. Operations will not involve munitions (to include chaff/flares), pyrotechnics, tactical maneuvering or personnel on the ground, or opposing force (OPFOR) operations.

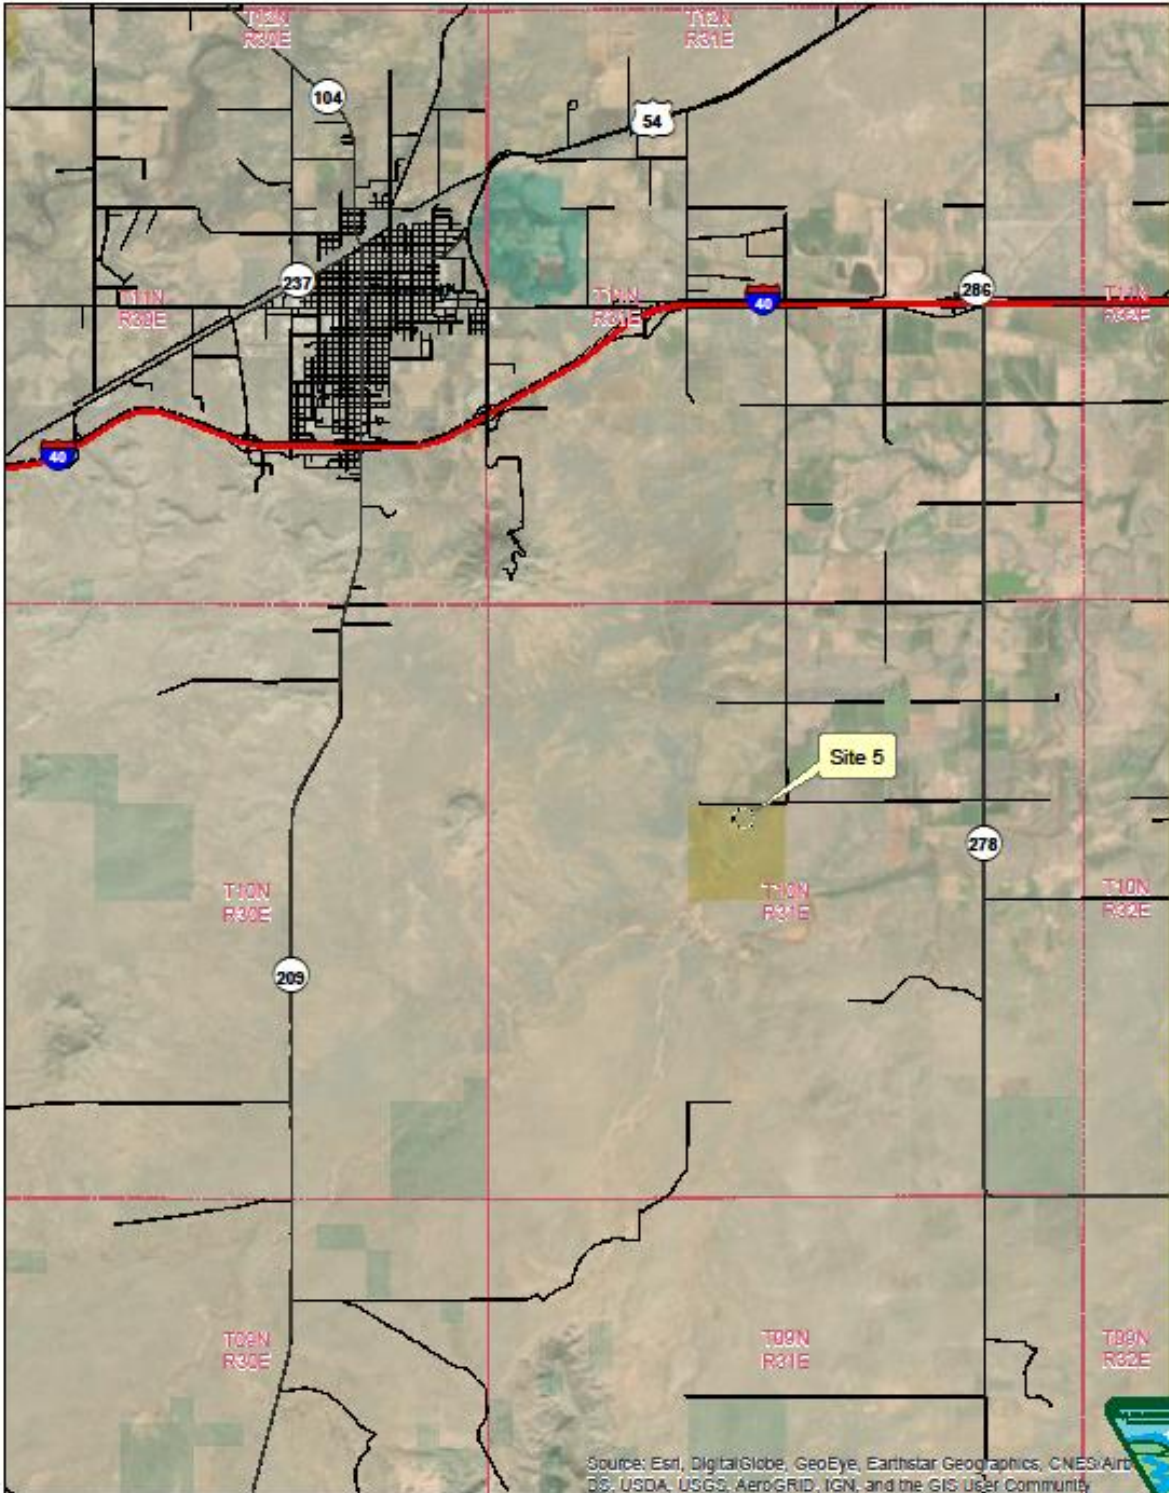

Cannon AFB is requesting the above in support of aircrew proficiency in rugged, austere, and unfamiliar areas. This request applies to public land managed by the BLM Roswell Field Office. The request and actions described are considered "casual use" pursuant to 43 CFR 2801.5 and IM-2001-030, Appendix 1, Section 1f. The area the actions will occur is near Tucumcari, New Mexico and will be located at the following:

T. 10 N., R. 31 E., NMPM.
sec. 16, NW1/4NE1/4.

If you have any questions or require further information, please contact Faith Simitz, Realty Specialist BLM, at (575) 627-0280 or Major Travis Pugh, Cannon AFB, travis.pugh.3@us.af.mil or (575) 904-3258.

Sincerely,
