### POLICY FOR THE ACCEPTANCE OF DEBIT/CREDIT CARDS OR ELECTRONIC TRANSFER FOR PAYMENTS OF PROPERTY TAX AND COUNTY CLERK FEES AND RELATED SERVICES QUAY COUNTY NEW MEXICO

This policy applies to all departments that accept or may accept debit or credit cards for payment of Property Tax, Clerk's fees including, but not limited to recording or filing fees, photocopy fees, various fees for licenses charged by Clerk, map fees, Probate fees and related services.

Section 6-10-1.2 NMSA provides that a local governing body may accept payment by credit card, debit card or electronic means and may charge a uniform convenience fee to cover the approximate costs imposed by a financial institution that are directly related to processing a debit/credit card or electronic transfer transaction.

The standard operating office procedure for acceptance of payment card and Collecting convenience fees is required by the New Mexico Department of Finance & Administration to ensure that the convenience fees are in compliance with Subsection B of 6-10-1.2 as referenced above.

A. The Quay County Commissioners approved a Contract between Value Payment Systems, LLC, Processor, (Third Party Vendor) and Quay County to accept debit and credit cards in payment of Property tax and the above-described County Clerk fees on September 23, 2019. This contract included the identification of and the enumeration of Convenience Fees to be implemented with this process. Quay County does not accept debit/credit card payments without charging a convenience fee to the customer to do so. The fees were approved by the Commission on September 23, 2019, as follows:

Visa, MasterCard, Discover, American Express Credit Cards	per transaction
Visa, MasterCard, Discover Debit Cards1.5%	per transaction
Business and International Credit and Debit Cards3.0%	per transaction
Minimum Convenience Fee for Tax Payments	per transaction
Minimum Convenience Fee for Non-Tax Payments	per transaction
E Checks (We do not currently accept E Checks)\$1.95	per transaction

### Policy for the Acceptance of Debit/Credit Cards - Quay County - Page 2

### **DEFINITIONS:**

"Automated Clearing House" or "ACH" means an association of depositary institutions that Process financial transactions electronically through the Federal Reserve Bank.

"Convenience Fee" means a fee that is charged to a customer for the convenience of making An electronic payment. A convenience fee charged to a customer typically covers all or a portion of a payment vendor's transaction costs, as well as any other additional fees that are charged by an agency to recover direct costs associated with an electronic payment.

"Credit Card" means a card indicating that the holder named on the card has obtained a revolving line of credit from the financial institution issuing the card up to a certain dollar amount valid to a specified date shown on the card. A credit card may be used to pay for goods and services from merchants or organizations participating in the corresponding credit card program.

"Debit Card" means a card indicating that the holder named on the card has an open account in a financial institution shown on the card and that the holder named on the card is authorized to pay for purchases of goods and services from participating merchants so long as the account is valid and has adequate funds to cover the cost of either goods or services, or both, at the time of the transaction.

"Customer" means, for this purpose, a person who is paying Property Tax or one of the fees in the County Clerk's office mentioned earlier in this document using a debit/credit card or other electronic means.

"Electronic Payments" means any financial transaction by which funds are transferred to Quay County through any type of electronic payment option or method. The electronic payment options include, but are not limited to; Internet payment processing, point-of-sale payment processing, and interactive voice response (telephone payments). The methods of payment include, but are not limited to automated clearing house (ACH), credit cards, debit cards, ACH debit processing and wire transfers.

"Electronic Payment Services" means any service provided by a vendor who acts as an intermediary in processing an electronic payment, including, but not limited to: merchant banking services; credit/debit card payment processing, ACH debit processing, and internet payment gateway services. Depending on how contracts with third party vendors are established, electronic payment services may be coordinated by a single vendor or multiple vendors.

### Policy for the Acceptance of Debit/Credit Cards - Quay County- Page 3

"Electronic Payment Processing Protocol" means the standard processes used by Quay County when accepting electronic payments from customers, including, but not limited to, contracts with financial service providers and business procedures.

"Interactive Voice Response System" (IVR) means a system that allows users to pay for services over the telephone or other audio-signal carrier using a credit/debit card.

"Internet Payment Gateway Service" means a service provided by a vendor that directs an internet payment transaction to the appropriate third party payment processor who facilitates the transfer of funds from and to a specific financial institution.

"Merchant Banking Service" refers to the designated bank or banking service that processes an electronic payment.

"Payment Vendor" means a service provider who is involved with the electronic payment transaction including, but not limited to, merchant bank, credit/debit card issuer, credit card association, internet payment gateway, ACH or credit/debit card payment processor.

"Personal Financial Information" means the information provided by the customer in the course of completing a payment transaction with Quay County through an electronic transfer of funds, including, but not limited to credit/debit card number, and bank account number.

"Point of Sale" or POS is a payment option that performs a real-time payment authorization of a customer's account when the customer presents their credit/debit card (or other payment method) in-person at the time of sale. (over the counter or over the telephone)

"Transaction Fee" means the same as "transaction cost" and refers to the cost incurred by a payment vendor for executing an electronic payment. If an agency passes all or a portion of this transaction cost on to the customer, then the resulting fee to the customer is typically called a "convenience fee".

### **POLICY**

The purpose of this policy is to provide guidance for accepting credit/debit card payments for services described earlier in this document – collecting Quay County Property Tax and various fees in the Quay County Clerk's office; identifying accounting controls to mitigate risks of credit/debit card fraud, and acquiring an understanding of the Payment Card Industry (PCI) regulations.

### Policy for the Acceptance of Debit/Credit Cards - Quay County - Page 4

All County employees involved in processing credit/debit card transactions and in the support of the cardholder data environment (process, review, reconcile, approve, system support, etc.) are subject to terms of this policy and these County procedures. These procedures are intended to be in compliance with Payment Card Industry Executive Charter and Compliance Policy.

Credit/Debit card payments shall be used for the sole purpose of processing payment transactions for services provided by Quay County to the cardholder. Cash advances or any cash withdrawals are not authorized at Quay County.

New Services desired by any department of Quay County will be requested through the Finance Department in accordance with these standards and approved by management and Quay County Commission. The cost of equipment will be paid from departmental funds, processing fees will be passed on to the card user in the form of "Convenience Fees" as defined in this document. Technology implementation must be in accordance with the PCI Date Security Standards. (DSS) Our current Debit/Credit Card Processor is Value Payment Systems, LLC; the depositary Financial Institution is NM Bank & Trust; and the IT for Quay County is managed by Plateau. Quay County and these providers will remain in compliance with procedures and rule compliance established by National Automated Clearing House Association (NACHA) or electronic payments and Payment Card Industry (PCI) for credit card payments.

Procedures will be maintained to inspect compliance with these procedures on a quarterly basis within the County and to acquire evidence from Value Payment Services, LLC; NM Bank & Trust and Plateau on an annual basis of their continued compliance with procedures and rules of NACHA and PCI to mitigate risks of credit/debit card fraud.

### PROCEDURES:

All employees involved in processing credit/debit card transactions and the support of the cardholder data environment (process, review, reconcile, approve) will be trained upon hire and before handling debit/credit card transactions.

Each Quay County office will have a uniform fee schedule as approved by the County Commission to be applied based upon services provided. These fees are absorbed by the consumer at the time of the transaction. The fees are retained by the processor and never transmitted to Quay County. Quay County does not provide any additional payment to processor.

### Policy for Acceptance of Debit/Credit Cards - Quay County - Page 5

Protecting Cardholder data is essential; thus, every effort shall be made NOT to store cardholder information in any form. Any physical access will be appropriately restricted to data or systems that house, process, or transmit cardholder data to not provide the opportunity for persons to access and/or remove devices, data, systems, or hardcopies. POS equipment (terminals) will be stored in a secure location when no in use. The processor and our IT systems insure that card numbers are transmitted as needed for processing but are not visible to personnel within the County offices.

Debit/Credit Card customer information is not subject to Public Records Disclosure. Hard Coples revealing customer information are not required for our processing and are therefore never acquired. Transactions are acquired electronically by processor and transmitted directly to financial institution. County receives daily and monthly reports of transactions without information relating to individual card numbers — only information related to property tax account of cardholder and type of fee collected by clerk for directing income to County general ledger accounts.

Acceptance of debit/credit cards or electronic transfer from the internet shall be done in a secure fashion and on a secure system, Tyler Eagle Web. Debit/Credit Card transactions will not be processed through the mail, nor will they be processed using FAX or E Mail.

Debit/credit card payments will be accepted in person by POS or through the internet payment portal via the Quay County Website. Debit/credit card payments will be accepted by telephone using IVR. Some customers prefer to make their payments using the telephone directly to the office. These transactions are handled under dual control and a transaction document is completed showing amount and account to which the payment was applied. The software, even in these cases, does not retain the card account number on hard copy. We require customer signatures on POS transactions on hard copy. These copies include the account number to which the transaction was applied and only the last 4 digits of card number.

Processor creates electronic files which are transmitted to the Financial Institution to credit payments received for property tax or County Clerk fees to a designated checking account owned by the County. From the daily reports E mailed to County by Processor and from payment information on Processor website, Treasurer's staff credits payments to the Customer's property tax or Clerk's staff credit the general ledger for the fee income collected by Clerk's Office. Treasurer's office receives E mails from processor identifying transactions as to amount and account to be credited. These reports are also received by Treasurer, separately, and are used for random inspection of daily balancing processes.

County receives ACH credits for the most part from State Agencies. Treasurer disburses these

Policy for Acceptance of Debit/Credit Cards - Quay County - Page 6

ACH credits as per advices received from State or Federal Agencies into the appropriate General Ledger Account. The only ACH debit transactions result from our in-house payroll processing through County's main checking account. County rarely receives Wire Transfers. We do not, in the normal course of business, initiate Wire Transfers.

Policy for Acceptance of Debit/Credit Cards - Quay County - Page 6

Credit/Debit Card payments applied to Property Tax and ACH entries applied to General Ledger are a part of the reconciliation of daily reports generated by software for Property Tax receipts or general ledger receipt of income. Treasurer's Staff processes and reconciles daily reports. Monthly report reconciliation of all payments received for Property Tax and for general ledger income, including electronic transactions, is part of the Checking Account Reconciliation Process. Reconciliation is performed by Treasurer who does not participate in daily reconciliation done under dual control by teller staff.

### NEW MEXICO DEPARTMENT OF HOMELAND SECURITY AND EMERGENCY MANAGEMENT 2022 EMPG SUB-GRANT APPLICATION NARRATIVE

	JURISDICTION NAME: Quay County
	vide a brief description of the jurisdictions emergency management priorities and initiatives that will be addressed h EMPG funds.
1	Overview of the jurisdictions risk profile resulting from the current THIRA.  Quay County hosts a number of events throughout the year and is home to 65 miles of Interstate 40 and several highways. A Mass Casualty Incident during one of these events, in our schools, public buildings or on one of our highways could quickly overwhelm local resources. Trauma care may be delayed while an active threat continues to be present. The Quay County Office of Emergency Management must develop the capability to respond to mass casualty incident in hostile environments or on one of our highways. There are known gaps that must be overcome to achieve this capability.
<b>`</b> 2;	Areas of need identified through assessment processes such as the emergency management strategic plans,
;	The need for planning in Quay County is paramount in order to provide a foundation for developing the core capabilities necessary to achieve The National Preparedness Goal. Maintenance and modification of the Quay County Emergency Operations Plan is needed to provide that foundation. The Quay County Emergency Interoperability Communications Plan requires additional updates in order to fill known communications gaps in training, exercise and equipment. The need for development of a Mass Casualty Incident Plan and Evacuation Plan for high risk areas has been identified in Quay County Threat and Hazard Identification & Risk Assessment. Increased National Incident Management System training for first responders and government administrations is needed in order to increase operational coordination.
3	Baseline inventory of where your jurisdiction is now, relative to goals and objectives identified in relevant strategic plans per CPG 101 v2.
2	Quay County has hired a new Emergency Manager as of 11/29/2021, Continuation of Emergency Operation Plan maintenance is necessary for upcoming promulgation. Emergency Manager has developed an evacuation plan for the courthouse and would like to develop a plan for the County. Planning for updating the TICP is also in progress. The updating of the TICP and development of a cyber security plan are necessary due to equipment improvements that have recently been made.
,	

4	Emergency management priorities and planning focus for current budget year including linkage to the core capabilities identified in the National Preparedness Goal.
	Planning remains the priority of Quay County Office of Emergency Management. Continued upgrade of communications equipment will also necessitate continued update of the Quay County tactical interoperable communications plan. New hardware and software that have been install have created a need for a cyber security policy which Quay County emergency management will help develop.
5	Detailed Budget Narrative justifying the requested funding for the identified work plan activities.
	The Emergency Management Performance Grant funding being requested will be used to accomplish the activities outlined in the EMPG Work Plan by funding 50% of the salary and benefits needed to staff the position of the Quay County Emergency Manager who develops emergency management planning activities. The Quay County OEM is requesting additional funding this year due to a cost of living increase being provided to all Quay County Employees in an attempt to remain competitive in the current economic climate.
6	Detailed description of how projects and programmatic activities support the building or sustainment of the core capabilities as outlined in the National Preparedness Goal.
	The programmatic activities outlined in my workplan are intended to enhance the equipment investments that have been made by the Department of Homeland Security and Emergency Management to communication and cybersecurity in Quay County. These equipment upgrade and policies/plan updates are in alignment with our focus on the core capabilities of planning, operational communications and cyber security.

## QUAY COUNTY EMERGENCY ACTIONS AND EVACUATION PLAN

May 23, 2022

### **Table Of Contents**

Section		Page
	Table of Contents	2
	Policy Statements	3
1.0	Fire Safety and Prevention	3
2.0	Facility Emergency Plan	4

### **POLICY STATEMENT**

The purpose of Quay County's Emergency Actions and Evacuation Plan is to provide fire control and suppression equipment where needed and maximize the preservation of property and prevent loss of human life: To maintain the equipment in the readiness state and to educate and train employees in loss prevention and proper action in emergencies, despite efforts to prevent fires and related emergencies from occurring. It has been proven the actions Taken in the first few minutes can make the difference between a minor incident and a disaster. Both safety of life and to property is vital to the well-being of Quay County.

### 1.0 FIRE SAFETY & PREVENTION:

Effective fire prevention depends on all county personnel. Each employee is responsible for prevention and the accumulation of unnecessary combustible and flammable materials in their work areas. All flammables must be stored in approved storage containers.

Stopping unwanted fires from occurring is the most efficient way to handle them. In order to reduce the risk of fire emergency all employees will be bound by the fallowing rules:

- A. All combustible or flammable liquids stored on County property must be done so in accordance with the products Safety Data Sheets (SDS). All flammable and combustible materials are to be handled and disposed of by designated individuals.
- B. All hazardous materials must be appropriately labeled, used and disposed if in accordance with the products SDS.
- C. Fire exits shall be well marked and free from all obstructions. Fire doors and exits must remain unlocked/unblocked during normal business hours or anytime safety dictates. There are no exceptions to this rule.
- **D.** Smoking of cigarettes, cigars, pipes E-cigs or similar items is strictly prohibited <u>inside</u> any County facility. There are no exceptions to this rule. Smoking is permitted in designated areas only.
- E. All employees are to be trained annually by the Safety Officer or designee and are require to know portable fire extinguisher locations and their specific classification. Each office or work area must have a full complement of the proper type of extinguishers for all fire hazards present.
- F. Portable fire extinguishers must be located in each building and shall be mounted in easily accessible and visible locations. If an extinguisher is not located conspicuously, a sign or label must be used to identify is location.
- G. The Fire Marshal Supervisor or designee will inspect portable fire extinguishers Annually, ensuring proper working order. The inspector shall check the annual inspection tag, gauge, fittings, and hose if applicable. The inspector must date and initial the back of the tag to

document the activity. Extinguishers failing to pass inspection are to be removed from service.

H. The Fire Marshal is responsible for conducting annual fire extinguisher. Upon completion of this inspection, the inspection tag must indicate the maintenance inspection date. Elected Officials/Department Heads shall ensure that all fire extinguishers are inspected annually at their respective facilities.

### 2.0 FACILITY EMERGENCY PLAN:

Elected Officials/Department Heads, in conjunction with the Safety Officer, are responsible for the development, implementation, and maintenance of this plan. This section applies to emergencies including fires, suspicious letters or packages and bomb threats.

**NOTE:** When necessary, the Sheriff's Department shall follow their own specific protocols, which will supersede the following emergency plan, when faced with emergency situations.

- A. If immediate action becomes necessary, safety and security procedures shall be implemented expeditiously, while maintaining an environment of order and common sense.
- B. A minimum of two proficiency drills shall be conducted at each facility annually. Drills shall be coordinated and documented by the Safety Officer and retained for regulatory review. The Maintenance Department will notify employees when the drill has expired.
- C. All fires regardless of size must be reported to the Fire Department.
- D. If fire breaks out in a facility, the following procedures must be followed:
  - 1. Activate the building's fire alarm. This should be followed by loud verbal commands to notify other occupants. In some cases, it may be necessary to send runners to other parts of a facility to warn others.
  - 2. Attempt to extinguish small fires only if safe to do so.
  - 3. Begin evacuation procedures covered below in paragraph B
- E. All employees should be aware of and handle suspicious letters or packages with caution. Suspicious letters or packages may consist of items delivered by the U.S Postal Service, private carriers such as UPS or FED EX or items found abandoned anywhere in a facility. They may have one or more of the following characteristics:
  - 1. Restricted endorsements such as "personal" or "private".
  - 2. An inaccurate addressee name/or title.

- 3. Distorted handwriting or a name and address prepared via homemade labels or cut-and-paste lettering.
- 4. Visible protruding wires, aluminum foil or odorous stains.
- 5. A large number of postage stamps.
- 6. A rigid feeling or an uneven or lopsided appearance.
- 7. Unprofessionally wrapped with several combinations of tape.
- 8. Endorsed "fragile- handle with care" or "rush- do not delay".
- 9. A buzzing or ticking noise or sloshing around.
- F. If any item in the above paragraph E exists employees should do the following:
  - 1. Do not open or attempt to move package or letter.
  - 2. If possible open windows in immediate area to vent possible explosive gasses.
  - 3. Begin evacuation procedures covered below in **paragraph B**, with the exception of activating the fire alarm.
  - 4. From a different building call 911. Do not use cell phone near any suspicious package and do not set off the buildings fire alarm.
  - Immediately find your Elected Official/Department Head or the County Manager and make yourself available to provide information to the emergency responders.
  - 6. Do not be concerned over any embarrassment caused by a false alarm. Today's real-world threats must force you to error on the side of safety.
  - 7. All employees should handle bomb threats with caution. Bomb threats may be communicated by several means. They include but are not limited to: Phones calls, hand written notes mailed to or found by an individual, or electronic means such as an email or fax. If a bomb threat is received do the following:
  - 8. If received by phone, county personnel are to try to get as much information as possible. Listen for any background noises that may help identify the callers' location. Attempt to retain as much detail as possible and write down the details.
  - 9. If the threat is received by any other means, carefully preserve any letters or other materials containing the threat.

- 10. Begin evacuation procedures covered below in **paragraph** B, with the exception of activating the fire alarm.
- 11. From a different building call 911. Do not use a cell phone near any suspicious package and do not set off the buildings fire alarm.
- 12. Immediately find your Elected Official/Department Head or the County Manager and make yourself available to provide information to the emergency responders.
- G. Any employee that observes any situation that they feel requires evacuation of a County facility must act quickly. The first concern should be for human life, including not only fellow employees but patrons, guests and visitors to any County facility. In case of fire, the employee should first pull a fire alarm if the facility is so equipped. The next response should be loud verbal commands and possibly requiring other employees to notify occupants in other parts of a facility if it can be done safely. Other resources to consider depending on the location and equipment are intercom systems, two-way radios and vehicle horns.

All employees not directly involved in the notification process should follow one of these guides:

- 1. Employees located at 300 S. Third Street must quickly exit the building by utilizing the nearest exit. All employees should make their way safely out of the building. All must use stairs, avoiding the Elevator.
- 2. Employees must quickly exit the Court House building by utilizing the nearest exit. All employees should make their way safely across the street to the north or east of the building

- 3. Quay County Road Maintenance personnel working in Tucumcari who are notified of a fire or evacuation emergency must quickly exit the building and meet across the street West of the building.
- 4. Quay County Detention Center personnel will follow the evacuation plans found in the Detention Center Policies and Procedures Handbook.
- H. If any physically impaired person is present in the building when an emergency evacuation is performed, an employee that is capable or designated should help remove this person by carrying them out as quickly as possible. At no time should any employee jeopardize their own safety to remove an individual.
- I. Upon arrival at the designated area each employee must locate their immediate Elected Official/Department Head or immediate supervisor. If they cannot locate any of their employees, the Elected Official/Department Head must immediately notify the County Manager or Safety Officer. The employee should then follow instructions they receive from those individuals in supervisory positions. Once employees have exited the building they should not return for any reason.
- J. Upon arrival at the designated area all Elected Officials/Department Heads must attempt to locate each of their employees. All unaccounted personnel must be immediately reported to the County Manager, Safety Officer or contact the nearest police or fire personnel.

Passed, Adopted and Approved by the Board of Quay County Commission on the 23rd day of May, 2022.

Mitel

Ellen White, County Clerk

Local Government Transportation Project Fund
Project Match Commitment

Resolution No. 32 2021-2022

A resolution declaring the eligibility and intent of the County of Quay to submit an application to the New Mexico Department of Transportation (NMDOT) for Fiscal Years 2022/2023 Local Government Transportation Project Fund.

Whereas, the County of Quay, New Mexico, has the legal authority to apply for, receive, and administer state funds; and,

Whereas, the County of Quay is submitting an application for the Fiscal Years 2022/2023 (FY 22/23) New Mexico funds in the amount of \$767,695.63 as set forth by the State legislation; and,

Whereas, the monetary shortfall low water crossing installation at Historic Bridge #1625 project named in the Local Government Transportation Project Fund application is an eligible project under New Mexico Local Government Transportation Project Fund requirements; and,

Whereas, the County of Quay acknowledges availability of the required local match of 5% for the State of New Mexico; and,

Whereas, the County of Quay agrees to pay any costs that exceed the project amount if the application is selected for funding; and,

Whereas, the County of Quay agrees to maintain the project constructed with Local Government Transportation Project Fund for the usable life of the project;

Now, therefore be it resolved by the governing body of the County of Quay, that:

- 1. The County of Quay authorizes Daniel Zamora to submit an application for the FY 22/23 New Mexico Local Government Transportation Project Fund funds in the amount of \$767,695.63 from the New Mexico Department of Transportation (NMDOT) on behalf of County Quay.
- 2. That the County of Quay assures the NMDOT that if Local Government Project Fund is rewarded, sufficient funding for the local match are available, and that any costs exceeding the award amount will be paid for by the County of Quay.
- 3. That the County of Quay assures the NMDOT that if awarded Local Government Transportation Project Fund, sufficient funding for the operation and maintenance of the Local Government Transportation Project Fund project

- 4. That Daniel Zamora of the County of Quay is authorized to enter into a Cooperative Project Agreement with NMDOT for the Local Government Transportation Project Fund project using these funds as set forth by the state legislation on behalf of the citizens of the County of Quay. Daniel Zamora is also authorized to submit additional information as may be required and act as the official representative of the County of Quay in this and subsequent related activities.
- 5. That the County of Quay assures that the County of Quay is willing and able to administer all activities associated with the proposed project.
